

INSULATED GLOVE WITH FLEXIBLE PVC SPONGE TOUCH COATING

Lightweight, fleece-lined glove with a flexible PVC sponge touch coating using Hydropellent Technology (HPT). The undulating pattern on the palm enhances grip in oily, wet and dry conditions.

FEATURES

- › Fully dipped
- › Soft fleece lining for comfort in cold conditions
- › Undulating contour grip pattern to the palm
- › Hydropellent Technology repels liquids
- › Excellent grip in the dry
- › Good grip in wet and greasy conditions
- › Durable PVC sponge touch finish
- › Sanitised® antimicrobial finish provides extra freshness

SUITABLE FOR

Typical Industries

- Food
- Manufacturing
- Maintenance
- Municipal Services
- Oil and Gas
- Utilities

Applications

- Cold Storage
- Mechanical Handling in Cold Conditions
- Outdoor General Handling
- Packaging
- Warehousing and Distribution

PRODUCT INFORMATION

MATERIALS	LINER:	Nylon
	COATING:	PVC Sponge with HPT
COLOUR	Black	
LENGTH (mm)	250 - 290 (size dependent)	
CUFF STYLE	Elasticated	

ORDERING DETAILS

SIZE	CODE	PACKAGING
7/S	SKY911	10 pairs per bag 60 pairs per case
8/M	SKY912	
9/L	SKY913	
10/XL	SKY914	
11/XXL	SKY915	

RECOMMENDATIONS FOR USE

- It is the responsibility of the end user and not the manufacturer to determine glove suitability for the intended use.
- Not recommended for use with liquid chemicals. Do not use near moving machines if there is a risk of entanglement. The glove may lose its insulative properties when it becomes wet.
- Gloves should ideally be stored in cool, dry conditions in original packaging and away from direct sunlight.
- Both new and used gloves should be thoroughly inspected (especially after cleaning), before being worn to ensure no damage is present. Gloves should not be left in a contaminated condition if re-use is intended. In which case gloves should be cleaned as far as possible, provided no serious hazard exists, before removal from hand. Excess contamination should first be removed and the gloves may be decontaminated with mild detergent solution then rinsed with clean water and dried ideally with some air movement.
