7/S	SKY941	
8/M	SKY942	
9/L	SKY943	
10/XL	SKY944	

RECOMMENDATIONS FOR USE

- It is the responsibility of the end user and not the manufacturer to determine glove suitability for the intended use.
- The gloves can be used in general chemical handling, but are not recommended for prolonged use with highly corrosive or powerful organic solvents. Do not use near moving machines if there is a risk of entanglement.
- Storage: Gloves should be ideally stored in cool, dry conditions in original packaging and away from direct sunlight.
- Cleaning/Maintenance: Both new and used gloves should be thoroughly inspected before being worn to ensure no damage is present. Gloves should not be left in contaminated condition if reuse is intended in which case gloves should be cleaned as far as possible. If appropriate, decontamination may take place under lukewarm water using laundry soap and detergent. Don't use chlorine bleaches.
